Topic areas scheduled for discussion at Task Force Meetings

Disposal Capacity:

Appropriateness of the timeline and establishment process for the development of a state-owned solid waste disposal facility

Overview of current ban on new commercial disposal facilities:

Effectiveness and appropriateness of this ban

Economic competitiveness between commercial facilities

Role(s) of state, municipal, regional and/or commercial sectors in providing/managing disposal capacity

Role(s) of state, municipal, regional and/or commercial sectors in providing/managing processing capacity

Regional approaches and partnerships– should, and if so how, should the state appropriately foster these?

Host and local communities:

What is appropriate level of compensation and degree of control related to facility siting, expansion and/or operation?

Impact on/to local community?

Managing wastes:

Construction and Demolition Debris

Addressing this increasing waste stream and its challenges

Material bans

Appropriateness of material/product selections

Mitigating the management related to these items

Beneficial reuse of wastes

Its continued development and expansion

Recycling

Its continued development and expansion

Public education:

Identification of needs

Message content

Message provided by whom

Program implementation ways and means

Other?
